

How to receive documents about education

In Ukraine, the Unified State Electronic Database on Education (hereinafter - EDEBO) has been operating for more than 10 years, ensuring the verification of the authenticity of educational documents, etc.

In order to fulfill this requirement on the official website of EDEBO at the e-mail address <https://info.edbo.gov.ua> implemented a service "Information about an individual contained in EDEBO", through which it is possible to obtain information contained in EDEBO on :

1) obtaining higher education - since 2012, professional higher education - since 2020, vocational (vocational) education - since 2013 (paid by educational institutions);

2) documents on higher, professional and professional (professional and technical) education obtained since June 2015 (from the Register of Education Documents);

3) documents on higher, vocational and general secondary education obtained since 2000, if on the basis of which admission to higher education was carried out - since 2012, professional higher education - since 2020, professional (vocational). technical) education - since 2013 (from the Register of documents on education).

To obtain information, a person forms a request for information about himself / herself on the EDEBO website. Identification is carried out by imposing one's own CEP. According to this electronic request, an Extract with the information contained in EDEBO concerning an individual is formed and provided to the requester. The statement is formed on the site in the form of a PDF file.

In addition, an individual has the opportunity to submit a request for information about the document of education or information about training directly to the State Enterprise "Inforesource" - technical administrator of EDEBO. The procedure for submitting a request and sample requests are provided at the link <https://www.inforesurs.gov.ua/appeals/personal-data/> section "Sharing personal data".

Also, everyone has the opportunity to check the authenticity of educational documents made since 2000 in the "Register of educational documents" section of the Unified State Electronic Database on Education <https://info.edbo.gov.ua/edu-documents/>

For the convenience of users, video instructions are available in the form of document verification.

New order of the Ministry of Education and science of Ukraine (№290 from 1.04.2022)

UA Education and Science in wartime: international support

All children who have been forced to change their place of study and / or residence or are in the occupied territories may continue their education in general secondary education institutions located in non-combat areas, remotely or externally.

According to the order of the Ministry of Education and Science of Ukraine from 28.03.2022 N 274 "About some questions of the organization of acquisition of general secondary education and educational process in wartime in Ukraine" in each region there are institutions of general secondary education, which are instructed to ensure and organize the enrollment of students of general secondary education who were forced to change their place of study and / or residence (stay) and live (stay) in Ukraine or abroad (hereinafter - students), to educational institutions on request (scanned copy) or a photocopy) submitted to the educational institution by one of the parents, other legal representative, relative of the applicant or adult applicant on purpose, by fax, e-mail, other means of communication or in any other way (at the applicant's choice) ;

Applications are submitted in any form without the applicant providing any additional documents, their copies (adding appendices), except when such documents, copies are available and the applicant provides them at his\her will.

The issue of issuing documents to graduates of general secondary education will be decided by the educational institutions to which they are enrolled.

Responsible persons have been identified in each oblast and city of Kyiv to help children and their parents choose a general secondary education institution to continue their studies (list attached).

Regarding enrollment in general secondary education institutions, internally displaced persons may also apply to the head of the educational institution at the place of temporary residence (stay) in Ukraine or to the department, administration, department of education.

Parents of students abroad can also apply to partners of the International Ukrainian School of the Ministry of Education and Science of Ukraine in some countries to enroll children in the school as external students, or directly to the International Ukrainian School for enrollment as external (list attached).

In the 2021/2022 academic year, in accordance with regulations, all state final certification are canceled (Law of Ukraine "On Amendments to Certain Legislative Acts of Ukraine in the Field of Education" of March 24, 2022 № 2157-IX; order of the Ministry of Education and Science of Ukraine dated 28.02.2022 № 232

"On exemption from the state final attestation of students who complete primary and basic general secondary education in the 2021/2022 academic year", registered with the Ministry of Justice of Ukraine on March 3, 2022 under № 283/37619).

An entry is made in the appropriate column of the appendix to the education document "released".

State Enterprise "Inforesource" continues ordering and issuance of documents on basic secondary education and complete general secondary education in accordance with the Procedure for ordering documents on basic secondary education and complete general secondary education, according to the legal regulation as well as to use measures to provide students with annexes to documents on general secondary education and awards for academic achievement. We offer applicants who have been forced to change their place of study and / or place of residence (stay) and live (stay) in Ukraine or abroad, and applicants from temporarily occupied territories in the absence of documented evaluation results for the first semester of the certificate of full general secondary education with honors on achievements in education - gold medals "For high achievements in education" and silver medals "For achievements in education", issued on the basis of annual evaluation.

Information on ordering educational documents for graduates can be provided by both educational institutions in which they studied before and institutions where children are currently studying.

The deadline for submitting orders for correction of information regarding documents on honors and confirmations for the production of documents with honors is set seven days before the date of delivery of documents on education to graduates.

Issuance of documents on education and filling in the annexes to them is carried out by the relevant educational institution. If at the end of the academic year the educational institution for which the certificates were ordered does not function due to the armed aggression of the Russian Federation, the issuance of certificates and filling in their annexes may be carried out by another educational institution at the location of the graduate (for students abroad - any educational institution in Ukraine), defined governing body in the field of education.

In this case, an entry is made in the appendix by the authorized person of the educational institution who filled in the appendix to the certificate with reference to the order "The appendix is completed on the basis of the MES order of April 1, 2022 № 290".

We also remind you that in accordance with the order of the Ministry of Education and Science of Ukraine dated 04.02.2014 № 97 (as amended), descriptions of educational documents do not contain requirements for the seal of the educational institution on the certificate and its appendix.

In war time, we consider it necessary to apply an individual approach to each student, flexibly use appropriate procedures in the best interests of the child to respect his right to continue education.

Within academic autonomy, in accordance with parts three and four of Article 10 of the Law of Ukraine "On Complete General Secondary Education" the organization of the educational process, implementation of the educational program, curriculum is an internal issue of each secondary school, its pedagogical council and teachers.

In view of the above, the Ministry of Education and Science recommends that general secondary education institutions:

complete the 2021/2022 academic year, independently determining the date of completion of the educational process by making, if necessary, appropriate changes to the structure of the academic year determined by the institution;

We recommend that in the assessment for the second semester to include all the marks received by the student during this semester, regardless of the place of study: in the institution where he studied before the Russian invasion; in the institution where he is currently studying at the place of temporary residence; in any other school that provides full-time, blended or distance learning or external studies. It can be any institution of general secondary education, including private educational institutions, in Ukraine or abroad. Educational institutions where students have temporarily studied may issue them with information about the period of study, indicating the list of subjects, individual topics and assessment results.

In some cases (lack of assessment results for objective reasons, including lack of opportunity for students in certain circumstances

join the study under the guidance of teachers; in the case of conducting more than 50% of lessons in a particular subject in a remote format; during the assessment of subjects of variable component) by the decision of the pedagogical council of the institution, approved by the relevant order, assessment for the second semester of students 5-8 and 10 classes can be carried out not on a 12-point scale, but "credited" / "not credited".

If students from the number of temporarily displaced persons and from the temporarily occupied territories do not have documented results of assessment for the first semester, the annual assessment can be carried out based on the results of the second semester. If students do not have the results of the final assessment for the second semester, the annual assessment can be carried out based on the results of the first semester, taking into account the current assessment in the second semester.

In addition, for the semester and annual assessment, the student may provide information from the electronic journal and diary, including electronic, at the previous place of study.

In the absence of the results of the annual assessment after graduation from the educational program of the educational institution, the student has the right to undergo an annual assessment before the beginning of the new school year.
